

Bolohan Romeo, ROMANIA

Quote : “Have courage to dream long term and get higher ans if you want to Quit, wait a few more seconds. You can !”

Born in creche and grown up in an orphanage in Romania during communist period and having bitter life experience. He always thinks that he can do something for orphans. When he was merely 15 years old he joined as volunteer in a Child Protection NGO.

The phenomenon of school dropout & street children is very common in Romania and Suceava country due to explosive poverty. So, he set up foundation of an association for helping orphans & poor children. This has enrolled 400 children in schools in Suceava country.

With the help of his projects “Road to Quiet Holiday” and “Mentors for Needy Children” were set up to deal with the children dropout rate and issue of students suicidal case in his country due to illiteracy and poverty and provide them non formal education.

By his project “Mentors for Orphaned Children in Foster Care Centres” and “I the Civitan” program, he helped another 200 children to get education.

Later on he helped 2000 students to get enrolled in schools from families with zero income. Since last 27 years with the help of more than 5 NGO and he has raised the fund of 25000 Pound for this work. And changed the life of hundreds of children. Every year another 200 children & orphans are benefited by his program “Education for Future” project. He coordinated several projects for orphans promoting the principles of the UN Convention on the rights of child

Apart from this he has also published 20 specialized articles & analysis study at national and international level. For his work & efforts, he has received several awards & recognitions globally.
