

Erviola Konomi : Albania

She is a mathematical and informatics teacher of 15 years at the high school. She is a local coordinator for the eTwinning educational platform and Scientix, selected by the Ministry of Education in Albania. She modified curriculum for special needs students to promote a positive classroom experience.

Design and present comprehensive lesson plans, which incorporate KWL and scaffolding, ensuring that each student is able to retain and understand the materials at hand. Develop unit-based projects that are centered in real-world situations.

She trained hundreds of teachers as coordinators, on project-based learning. Represented Crescendo school in Climateurope Festival in Belgrade in October 2018. Member of the Teacher Academy supported by the European Commission. Appointed regional coordinator for eTwinning Albania. Participated at the workshop in Paris, France, September 2017, organized by Edu-Arctic in collaboration with the University of Versailles, France.

Finalizing the Move2Learn & Learn2Move initiative launched by the European Commission which enabled free travel to Italy and Romania to our pupils as the winner of two Etwinning projects. Participated in several international conferences and published many research papers.
